

# Higher Challenge Camps 2010

Since 1993 Higher Challenge Wilderness Adventures has been offering unique and action-packed outdoor adventures to First Nations teens. Our activities may include wilderness backpacking, canoe tripping, rock climbing/rappel, non-technical mountaineering and so much more.

HC trips are led by skilled and experienced Christian leaders.

HC teaches wilderness skills and life principles based on God's Word in God's creation, while respecting the freedom of the spiritual choice of the individual. Higher Challenge provides all food and group gear. HC leaders are trained in wilderness first aid, and carry emergency communication equipment.
